2. Notwithstanding the foregoing:

(a) the insurance against the said risks, except the risks of mines and torpedoes, floating or submerged, referred to in (b) below, shall not attach to the interest hereby insured or to any part thereof

(i) prior to being on board an overseas vessel,

(For the purpose of this Clause 2 an overseas vessel shall be deemed to mean a vessel carrying the interest from one port or place to another where such voyage involves a sea passage by that vessel)

During the said period of 15 days the insurance remains in force after discharge only whilst the interest is at such intermediate port or place of discharge.

(b) the insurance against the risks of mines and derelict torpedoes, floating or submerged, attaches as the interest hereby insured is first loaded on the vessel or craft after such interest leaves the warehouse at the place named in the policy for the commencement of the transit and ceases to attach as the interest is discharged overside finally from the vessel or craft prior to delivery to warehouse at the destination named in the policy (or a substituted destination as provided in Clause 8).

C. & S. clause had not been deleted.

5. Warranted free of loss or damage due to stoppage of the refrigerating machinery caused by shortage of fuel or labour during strikes lock-outs or labour disturbances.
